Re: Right of Access agreement

Mayor and Board Members,

The replacement well project will require the City to install a 16" water main from our new well site and crossing onto the property owned by Suburban Propane. In order to perform the preliminary work of surveying and geology technical boring we require access to their property. The agreement has been reviewed and approved by the City Attorney and Utility Director. I would request the Board approve this agreement as presented. I welcome any questions the Board may have regarding this request.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Charles Gill", is written over a faint, light-colored signature line.

Charles Gill
Water Utility Manager
