Re: New Hire Approval and Equipment replacement

Mayor and Board Members,

1. We are requesting approval for the hire of Dawson Davis for summer help at the wastewater utility. Mitch Ripley and I interviewed Dawson for this position and are requesting that he be hired at \$ 11.00 per hour. Dawson would be available to start on June 26th if approved.
2. We are requesting the approval to purchase a replacement pump for the Chapman lift station. The cost for the replacement is \$ 16,578.00. We would also like to repair the damaged pump and use it until the new pump arrives, which has an estimated lead time of 10 weeks. We would then have the repaired unit available as a back up pump. The cost to repair the pump is \$ 9,811.00. If we do proceed with both the purchase and repair, the vendor stated we would receive an additional 10% discount on the new pump.

Thank you for your time and consideration of these requests. Please let me know if any other information is required.

Best Regards,

Nicholas Dezelan, CHMM, ASP
Wastewater Utility Manager
