# What is E-Verify?

E-Verify is an Internet-based system that compares information from an employee's Form I-9, Employment Eligibility Verification, to data from U.S. Department of Homeland Security and Social Security Administration records to confirm employment eligibility.

### Why E-Verify?

Why do people come to the United States illegally? They come here to work. The public can, and should, choose to reward companies that follow the law and employ a legal workforce.

The U.S. Department of Homeland Security is working to stop unauthorized employment. By using E-Verify to determine the employment eligibility of their employees, companies become part of the solution in addressing this problem.

Employment eligibility verification is good business and it's the law.

### Who Uses E-Verify?

More than 288,000 employers, large and small, across the United States use E-Verify to check the employment eligibility of their employees, with about 1,200 new businesses signing up each week.

While participation in E-Verify is voluntary for most businesses, some companies may be required by state law or federal regulation to use E-Verify. For example, most employers in Arizona and Mississippi are required to use E-Verify. E-Verify is also mandatory for employers with federal contracts or subcontracts that contain the Federal Acquisition Regulation E-Verify clause.

*This page provides general information about E-Verify and is meant to provide an overview of the program. For instructions and policy guidance, visit the For Employers and For Employees sections of the website.*

## CLAUSE FOR CONTRACTS

### **Employment Eligibility Verification**

The Contractor affirms under the penalties of perjury that he/she/it does not knowingly employ an unauthorized alien.

The Contractor shall enroll in and verify the work eligibility status of all his/her/its newly hired employees through the E-Verify program as defined in IC 22-5-1.7-3. The Contractor is not required to participate should the E-Verify program cease to exist. Additionally, the Contractor is not required to participate if the Contractor is self-employed and does not employ any employees.

The Contractor shall not knowingly employ or contract with an unauthorized alien. The Contractor shall not retain an employee or contract with a person that the Contractor subsequently learns is an unauthorized alien.

The Contractor shall, prior to performing any work, require his/her/its subcontractors, who perform work under this contract, to certify to the Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and that the subcontractor has enrolled and is participating in the E-Verify program. The Contractor agrees to maintain this certification throughout the duration of the term of a contract with a subcontractor.

The Owner may terminate for default if the Contractor fails to cure a breach of this provision no later than thirty (30) days after being notified by the Owner. If Contractor employs or contracts with an unauthorized alien but the Owner determines that terminating the contract would be detrimental to the public interest or public property, the Owner may allow the contract to remain in effect until the Owner procures a new Contractor. If Contractor violates the terms of this provision, the Owner shall require Contractor to remedy the violation no later than thirty (30) days after Owner notifies Contractor of such violation. If Contractor fails to remedy the violation within the thirty (30) day period, Owner shall terminate the contract for breach of contract. If Owner terminates the contract, Contractor shall, in addition to any other contractual remedies, be liable to Owner for actual damages incurred due to said breach of contract. There is a rebuttable presumption that Contractor did not knowingly employ an unauthorized alien if Contractor verified the work eligibility status of the employee through the E-Verify program and documented said verification to Owner immediately upon notice of alleged violation.

**INDIANA LEGAL EMPLOYMENT DECLARATION**

The State of Indiana has enacted a law (I.C. 22-5-1.7) requiring all state agencies and political subdivisions request verification from their contractors that their employees are legally eligible to work in the United States. This Declaration serves as notice that all Contractors doing business with the City of Greenfield must, as a term of their contract:

1. Enroll in and verify the work eligibility status of newly hired employees of the contractor through the E-Verify programs (but is not required to do this if the E-Verify program no longer exists); and
2. Verify, by signature below, that the Contractor does not knowingly employ unauthorized aliens.

I, Mike Kistler, a duly authorized agent of Waymire Fleet (name of Company), declare under penalties of perjury that Waymire Fleet (name of Company) does not employ unauthorized aliens to the best of its knowledge and belief.
