

# **EXPLORE**

*Greenfield Parks and Recreation*

## GET OUTSIDE.

Join Greenfield Parks and Rec on a mission to explore all of our unique park offerings. You can join the EXPLORE program all year round at any of our parks. We hope this will be a fun, free way to enjoy our park offerings with your family and friends.

Each park allows you to earn a unique certificate for completing four missions at that location. Get outside and see parks that you may not frequent often. Have you experienced our newest park offering, Thornwood Preserve? This program is the perfect way to enjoy that and all of our great park options.

## GET INVOLVED.

To earn a certificate from a park, simply complete the following missions:

- Complete 1 hour of volunteer time
- Report to Park Staff about your experience and how it benefitted yourself and the park
- Hike, run, walk, or play in the park or trail for 30 minutes
- Complete a program or event at the park location. This can include a program offered at the park, picnics, facility rental, and more.

## GET GOING!

Start collecting your certificates today! Simply complete the different missions for each park and bring the completed form below to the park office to receive your unique certificate.

Contact the Park Department for more information on programs offered at each location.
